

The University does not provide protection against lost, damaged or stolen personal property, or for injury to anyone (tenant, guest or visitor) in off-campus housing as a result of their own actions or the actions of others.

The Housing Information Office and the Off-Campus Housing Office encourage you to obtain renter's insurance as you move into off-campus housing. In the past few years, some students have found themselves in very difficult situations, because they were not protected by being properly insured. Don't wait until you experience a loss, damage, or someone is injured, ACT NOW!

Renter's insurance provides peace of mind in exchange for a small investment.

Renter's insurance has the same purpose as homeowner's insurance. It can ensure that you are reimbursed for losses (sometimes minus a deductible) if your personal property is lost, stolen, or damaged. It may cover injuries to guests or visitors.

It is important that you understand the specific terms and costs of any insurance policy before you sign on the dotted line. Not all insurance policies cover the same losses, so make sure you know specifically what is covered in the policy you are considering.

The Housing Information Office and Off-Campus Housing Office are happy to present this listing of local insurance agents that provide renter's insurance. This list is only intended to provide assistance in locating insurers. Other insurers may be available to provide the same coverage.

We do not endorse any of the listed companies, but they have agreed to be included in this handout. If you decide to purchase a renter's insurance policy, the relationship is entirely between you and the company or agent you select.

renter's insurance
